

INDUSTRIAL COLORING COATING

SOME OF SOLVENT BASE BINDERS- SB 11000

SB 11001	Binder Synthetic air dryng enamel	for the iron finish and wood manufactured, even the new and already painted
SB 11002	Binder Anticorrosive synthetic air dryng enamel	for a good anticorosif action with the presence of zinc phosphate for iron hand made
SB 11003	Binder Synthetic micaceous enamel air-draing	particularly suitable for finishing just by one coat of iron manufactured
SB 11004	Binder Impregnante for wood	in wood manufactured oppotunely treated for mould, fungus etc prevention
SB11005	Binder synthetic enamel Fast car super R.E	Suitable for car refinishing, industrial vehicules, generally for high- gloss finish requirement
SB 11006	Binder synthetic industrial enamel super R.E	Suitable for industrial vehicules, agricultural cars and manufactured articles generally
SB 11007	Binder oven enamel 120 c	suitable for the painting of small appliance, metallic furniture, shelves
SB 11008	binder 2k industrial enamel	suitable for industrial for vehicules, utensil machines, etc..which has a plyurethanic catalysis
SB 11009	Binder Epoxy enamel	suggest for ships refinishing,utensil machines, building, bridges, etc
SB 11010	Binder exopxy textured enamel	indicated for navy sector, transport, building, utensil machines, building, bridges etc
SB 11011	Binder Polyurethane textured	used as a finishing coat in the industrial sector
SB 11012	binder nitro car	nitro acrylic mono-component paint used for car refinishing paints
SB 11013	Binder nitro industrial	nitro acrylic mono- component paint used for industrial needs
SB 11014	Binder exopoxy primer	indicated for navy sector, transport, building, agricultural, utensils machines, etc
SB 11015	Binder phenolic primer	for the industrial sector which has a high anticorosif power
SB 11016	Binder 2 k Acrylic	product based of pure acrylic resin, suggested for pulman, trucks and cars

SOME OF WATER BASE BINDERS- AB 22000 LINE

AB 22001	Binder synthetic air drying enamel	for the iron finish and wood manufactured, even the new and already painted
AB22004	Binder Impregnante for wood	in wood manufactured oppotunely treated for mould, fungus etc prevention
AB 22005	Binder synthetic enamel Fast car super R.E	Suitable for car refinishing, industrial vehicules, generally for high- gloss finish requirement
AB 22006	Binder synthetic industrial enamel super R.E	Suitable for industrial vehicules, agricultural cars and manufactured articles generally
AB 22007	Binder oven enamel 120 c	suitable for the painting of small appliance, metallic furniture, shelves
AB 22008	binder 2k industrial enamel	suitable for industrial for vehicules, utensil machines, etc..which has a plyurethanic catalysis
AB 22009	Binder Epoxy enamel	suggest for ships refinishing,utensil machines, building, bridges, etc
AB 22010	Binder exopxy textured enamel	indicated for navy sector, transport, building, utensil machines, building, bridges etc
AB 22011	Binder Polyurethane textured	used as a finishing coat in the industrial sector
AB 22014	Binder exopoxy primer	indicated for navy sector, transport, building, agricultural, utensils machines, etc
AB 22015	Binder phenolic primer	for the industrial sector which has a high anticorosif power
AB 22016	Binder 2 k Acrylic	product based of pure acrylic resin, suggested for pulman, trucks and cars
AB 22100	Binder washable paints for exterior	For the building sector used as wash paint for exterior walls, etc
AB 22200	Binder washable paints for interior	for the building sector used as wash paint for interior walls, etc
AB 22300	Binder transparent for interior	For the building sector used as decorative paints of interior

INDUSTRIAL PASTES

	Density	Aprox. Consum	Paste name
Class A		100%	
D901	1.91	24.00	White
D904	1.59	4.00	Yellow Oxyde
D 906	1.76	3.00	Red Oxyde
D 921	0.97	3.75	Fine Aluminium
D 922	1.02	3.75	Gros Aluminium
D 925	1.02	4.50	Black
D926	1.06	4.50	Dark Black
Class B			
D903	1.44	3.00	Chrome Yellow
D915	1.11	5.55	Green Phtalo
D916	1.06	9.15	Blu Phtalo
D920	1.77	6.50	Light Yellow
D923	1.09	1.75	Yellow Oxyde Transparent
D924	1.10	1.75	Red Oxyde Transparent
Class C			
D 905	1.98	7.50	Orange
D910	1.04	7.50	Vived Red
D912	1.01	4.00	Marron
D914	1.00	1.80	Violet
Class D			
D913	1.02	4.00	Red Violet
D931	1.07	-	Sun Violet
D932	1.07	-	Cedar Yellow
D933	1.07	-	Organic Orange
